MIT | Academy of Engineering
(An Autonomous Institute Affiliated to Savitribai Phule Pune University)

BRIEF SUMMARY

Dedicated to continuous learning and collaborative teamwork to achieve organizational goals, I am passionate about staying updated with emerging technologies. With a focus on driving impactful contributions in a dynamic environment, I bring a commitment to innovation and a thirst for knowledge to every project.

KEY EXPERTISE

React Js   Spring Boot   Microservices   Spring mvc   MYSQL   Github   java   DSA   AWS Cloud

EDUCATION

MIT Academy of Engineering, Pune — 2021 - 2025
B.Tech. - Electronics and Telecommunication Engineering | CGPA: **8.85 / 10**

Dada Patil college karjat, Karjat — 2021
12th | HSC | Percentage: **93.60 / 100**

Mahatma Gandhi vidyalaya Karjat, Karjat — 2019
10th | SSC | Percentage: **89.60 / 100**

PROJECTS

Student Portal website
Mentor: Mr. Pal sir | **Team Size:** 4
Key Skills: Microservices   React js   Spring boot   MYSQL
Project Link: https://academic-nexa.vercel.app

I led the development of "AcademicNexa" a student portal designed to make academic processes more efficient. The platform uses a microservices architecture with different modules for managing students, Teacher , quizzes, and questions, all interconnected through Feign clients for seamless communication. This design ensures the system is fast, scalable, and user-friendly.

Banking Application
Mentor: Mr. Pal sir | **Team Size:** 3
Key Skills: React js   Spring boot   MYSQL
Project Link: https://nidhi-bank-aws.vercel.app

I developed an online banking app using Spring Boot and React.js, which allows users to easily view their transaction history, make payments, and integrate with Razorpay for secure online transactions. This app combines these powerful technologies to deliver a user-friendly and efficient banking experience.

Employee Management System
Mentor: Mr. Pal sir
Key Skills: Spring mvc   Oracle database

Developed a comprehensive Employee Management System utilizing Spring MVC to streamline backend operations and enhance user interactions. The focus was on implementing robust server-side logic and ensuring seamless data handling through effective database management.

ASSESSMENTS / CERTIFICATIONS

Azure Fundamentals
Aggregate: 88 / 100
Key Skills: Cloud Security   Cloud Data   cloud services   cloud storage   Virtualization

AWS Academy Cloud Foundations
Key Skills: AWS cloud   AWS core services   AWS Architecture

PERSONAL INTERESTS / HOBBIES

- Coding , Web development , Playing Cricket, Workout
